

ANUSHA TAMRAKAR

QA ENGINEER INTERN

ABOUT ME

I am a detail-oriented and analytical QA Intern with strong problem-solving and communication skills. I have experience reviewing processes, managing records, and supporting teams to ensure accuracy and consistency. I am comfortable working independently in remote environments, quickly adapting to new digital tools, and maintaining clear, professional communication. My goal is to contribute to high-quality products by identifying issues, documenting findings, and supporting continuous improvement within the team.
